MR. BALLARD'S BENEDICTION TO THE FLAG

THOU WONDROUS FLAG of beauty and power, as thou hast so proudly waved over Valley Forge and the victories of the past, so shall you wave in the Victory of the Light for our Beloved America and Her people.

O Beloved Saint Germain, in the Glory of those long forgotten days when Thy Family was gathered about Thee, then shall again in America the rejoicing be Yours when again there dost stand forth in the Heavens Thy Ascended Glory and then descend into the Earth.

So tonight we offer so great a praise, thanks, and gratitude for all the blessed people of Earth who have been able to accept this wondrous Understanding that has been brought forth, apply It, and understand It is the Eternal Freedom of mankind. And may one million people in America, before the end of another year, come to know and abide within this Mighty Presence of all Life, the "Mighty I AM."

O Glorious Flag of Freedom! Wave forever over the Glory of America and Her Victory of the Light, and bless mankind in that memory of the Victory of the Light. Hold Thy Victory in the Heart of each one, for

"I AM" the American Flag!

"I AM" the Life of Old Glory!

"I AM" the Power and Victory of the Stars and Stripes!

"I AM" that Presence and Power which will raise at a moment's notice millions to defend My Glory, and in the Fullness of that Power of Light which brought that into existence.

O Wondrous Stars and Stripes! So wave proudly on until all the Earth bows in humbleness to the Glory of that Eternal Freedom of the Light which Thou dost represent, as well as the Freedom of America.

Great Goddess of Liberty, we kiss Thy Hand in the Victory of America; and in the Glory of Thy enthroned Power shall all the Earth come to see and know Thee in the Glory Thou hast stood for through many, many, many centuries. Long before mankind knew

America, Thou didst watch over Its shores. So we bow before Thee in the Majesty of Thy Presence and Power to continue to stand guard as Thou hast said—in the Final Victory Thou wilt as of a Thousand Suns so descend into the Earth and dissolve all human selfishness and discord from the Planet forever. We thank Thee, O Gracious One of Light. Bless these Beloved Students in the Fullness of Thy Glory, that all may never forget Thy Presence, the "Presence of all Life" beating their Hearts, and in the Fullness of Its Outpouring find the limitations of Earth have disappeared forever. We thank Thee.

Our Beloved Mama gives us the following information at the beginning of Decree Record, CD 409:

The Mighty Beloved Victory's Temple of the Sacred Fire Victory on Venus—we demand His Blazing Sacred Fire Cosmic Christ Presence surge across our Land, and everything flees before That and is annihilated from the Universe before it can touch any other part of Life.

Now we demand this with the same mighty force and determination with which Beloved Washington prayed at Valley Forge for America's Freedom! Now we decree and demand America's Freedom from all evil forever!

Beloved Ones, don't fail to keep calling forth the Inner Essence. Now we can call the Inner Essence of the Sacred Fire from Mighty Beloved Victory's Temple of Victory on Venus, the Inner Essence from the Great Central Sun, the Inner Essence of the Violet Consuming Flame.

BELOVED GODDESS OF LIBERTY'S DISCOURSE

Through Mr. G. W. Ballard

Kansas City, Missouri February 27, 1938

BELOVED People of America, Beloved Children of Light, great indeed is Our Rejoicing in your willingness and obedience to make it possible for all that has been done, and far more than you realize. As the Messengers go forth, remember that the Radiance remains. The Radiance enfolding you remains so that no matter what confronts you from this hour forth, the Light within your own Heart is Victory.

Today all have reached a point of comprehension, application, and acceptance of the Power of Light—which is their "Presence"—that is the Victory of Light. No one need longer yield to the conditions which they meet in the onward pathway to Freedom.

It was My Joy to flash before the Messenger the picture He described to you. How vastly different was that picture than the Vision flashed to Washington in that long ago. That was the indication then, and because there was no one to give response to the need of the hour—any attention to the "Presence of all Life"—the two episodes had to be governed by physical force, with the Radiance and Assistance, of course, from the Higher Octaves.

In former ages mankind, in attaining spiritual understanding, was called upon to pass tests, so to speak, before greater knowledge was revealed. Today in the outer world of your activity you are passing those tests every day. If you were to be reminded every time a test confronted you, as was previously understood, how strange you would feel. The very idea of a test of the past would cause a tremor to pass down your spine, not knowing what was confronting you. The Great Law of Life in giving you, through the activity of the outer world, all that is required for the release of this energy, does not tell you that you are going to meet certain conditions, but the conditions appear. You meet them and conquer them.

While this activity is in no wise nor ever will be political or in

© 1985 Saint Germain Press, Inc.

touch with politics of any kind; yet shall I say to you that in that which has been brought into action by the Mighty Decrees of the Students, it has remedied conditions from the Inner standpoint to a degree that would amaze you.

May I call your attention to one activity by which you can easily satisfy yourselves of the Mighty Activity of these Decrees. When Beloved Saint Germain brought This Work forth and the Messengers began to do the public work three and a half years ago, the inroad of disloyalty to America was appalling, even to Myself. The transformation of the condition today is just as delightful as that was appalling. Everywhere in America—in your greatest clubs in America, men and women's clubs are taking up the loyalty and calling for the protection of America. Why? Now observe, Beloved Ones. Why? Because of your Mighty Decrees that have gone forth in the mental and feeling world of mankind. I assure you, there is no limit to the Power that has been given to bless mankind through these Decrees thus far; and when a group of people like this are gathered, issuing with great earnestness and sincerity that Call for the Freedom of America, that Call for the Protection of yourself and mankind, the Law of Life releases Its Mighty Powers without limit, and you are the beneficiary of all that you call for.

Mankind who never heard of this are being and receiving the Blessings of this Mighty Radiation in the Currents of Energy that are being released from these Great Central Focuses of Power drawn by the Great Host of Ascended Masters, the Legion of Light, and the Great Cosmic Beings. You do not understand—it is difficult to explain in words—yet going forth through the atmosphere are the Mighty Currents which many of Us have drawn, just as though you would take a tube and through it project forth with openings here and there to convey the contents directly to the point you wish to convey.

Such is the Power of the Currents of Light through the atmosphere of Earth, which could not be projected or placed there until certain work was done by the Call of mankind. The Great Himalaya, seeing the need and having long used these Currents of Energy in India, came to the rescue of America to the degree that He came forth and placed these Rays through the atmosphere of

© 1985 Saint Germain Press, Inc.

America, just as tangible as you place your wires that carry your telephone messages, and far less conspicuous. However, one day you too will carry your messages from one to another without wires or obstruction of any kind. Your radio today is already doing it. Your television that is at hand will bring the Glory of the Light.

The Great Cosmic Reflector, as the Messenger calls it, will come into use in the outer world; then all mankind will know that deceit is impossible. Then governments and official activities, all industries, your aerial services, your Army and Navy—if they still exist—will know that there is nothing hidden that is not revealed instantly.

Mankind is approaching with great speed the time when human deception will be compelled to disappear—first, because mankind will know they cannot practice it without being known; then all desire will disappear. That is the need of mankind today. Do you know that many who are sincere, even extremely loyal to the Light, still contain within their feeling world a slight streak of deception? Analyze yourself, Beloved Ones, and see if that exists in your world. Do you know the human, through the great, long accumulation, loves to think that it can put something over on the other fellow just a little bit? To some degree they have succeeded, but not so much longer.

When so long ago in the so-called discovery of America, why do you think someone thought they had discovered America—not exactly discovered It, but a reminder to mankind of the homecoming of the Children of Light? That is truly the explanation of America coming to the notice of mankind. One whom you love very much was responsible for that.

Therefore, Beloved Ones, today and all through the ages, will you observe with Me these steps taken by mankind, mostly acting through their feeling world, prompting them here and there, following those promptings. Did you ever see anyone that you have known of or heard of that equals your Beloved David Lloyd? That was an Inner Prompting that stands forever, perhaps unequaled by one of mankind; and yet, look at the Victory! Now then, will you allow It to be a reminder to you of the exact condition that you

© 1985 Saint Germain Press, Inc.

stand in with your America today? That represents the great simile of that which you are confronted with by your firm stand and by remaining unyielding as He did. As He won His Victory, you stand in the Victory of the Light for America. Will you stand as unyielding as He did? Will you go on and on, and even when you see discouragement before you and the seeming inability to reach your goal, will you still stand firm and unyielding in the Powers of Light for the Victory of your America? I believe you will! I have confidence in you! I have confidence in the American people!

I know the Light; therefore I know the Power of Light—to all who will give It attention—will give them the strength, courage, and the power to make that Call, so unyielding, so powerful that all the World will bow before It. As the great mass of mankind are now beginning to come into the understanding of This, then as you gather about you these great numbers, then shall the Power of Light begin to show Its Dominion on Earth in all the magnificent manner that mankind can possibly conceive.

Therefore, Beloved Ones, in all the power of your Heart, which is the anchorage of your "Presence," stand in the Freedom and Power, unyielding in the Call of that Great Power of your Heart. Know there is no opposite, that there is no power which stands against It—the full Power of the "Presence," the Power of Light anchored in your Heart. That goes forth like a mighty river carrying this Infinite Power before It, which is the Power of Light, of Harmony, of Divine Love, and which no human creation stands before, but that silently moves forward and everything moves forward before It.

This picture which I gave tonight of the Great Legions of Light moving forward will reveal that the Power of Light is Supreme forever! Stand with Them! Let the Power of Light flood forth from you, to furnish the substance from the human octave which will bring you the Victory of Light. The Infinite Power of the "Presence" is in your Call. It is the Fullness of all that is required. In the release of the Love that you sent forth twice today, there was a Magnificent Activity, Enthusiasm, Love, and Gratitude to the Messengers. From that, I know you *can* release this substance which is the requirement for and the fulfilling of the Victory for America.

© 1985 Saint Germain Press, Inc.

Shall I give you reason for supreme rejoicing tonight? What do you suppose happened last night? Something wonderful has happened in the Students of America hearing of the Great Magnificent Activity of this Class! The impulse all over America was to pour forth this Power of Light to reach you today. Through that and your love poured forth today, you stand with sixty percent of the Power for the Glory of America. Did I not say I had confidence in you? I think at present I have far more confidence than you have in yourselves; but that will come fully and completely.

Beloved Ones, you must feel what is in My Heart—not the Messenger—but what is in *My* Heart tonight, as I am flashing these Words to Him. See, feel, and know this tremendous Radiance and feeling of enthusiasm. There is not one thing that you cannot accomplish! Will you be that same Radiance and enthusiasm for your own individual requirements?

Oh, I say to you, Beloved Ones: *feel* the Treasure House of your "Presence"! It not only contains the money which you require for use right here in the physical octave, but It contains the Power, Joy, Dominion, the Substance, Light and Intelligence that is without limit for you individually! Remember: in this great service you are rendering, could you ask one thing for yourself and it not be granted? Remember you are Ambassadors of Light serving the Light, Beloved Ones! So the Light in turn will serve you!

Remember that in your individual problems you are standing in the "Presence of Light," the Fullness and Power of Life; then shall you not have that assistance, individually, when you require it? Shall you not feel the fullness of Its Power, Strength, and Energy surging in and through you and out into your world, sweeping everything before you that touches you or touches your Stream of Life? So shall it be in your Call to that "Great Presence of all Life." So shall the Fullness of Its Activity take command of you and your world. That is the Power, the Glory that is yours!

Will you not be, will you not feel with Me tonight, the Victory which is yours, which is in you now? Oh, not in your own efforts, but the Great Victory, who has charged His Power of Victory into your Life Stream, Beloved Ones, into your feeling world—because the human accumulation has been dissolved and disappeared. Do

© 1985 Saint Germain Press, Inc.

you not see? Look, if so many have had the remainder of their human creation dissolved and consumed in your midst—look, almost half of your audience, almost half your number—then if that has been done, which it has, what do you suppose happened to the rest of you? Do you think you have been left unnoticed? Not if My Vision serves Me correctly.

Then will you not rejoice, every one of you, in the Fullness of that Freedom, that Power, that added Victory which is yours? Oh, does it sound like so many words? Surely not, when the Great Victory charged into your feeling world this afternoon His Victory of Light! Will you not feel that it is unknown in the history of Earth for such a thing to be done? The Great Magnificent Blessing that is yours—oh, please feel It! Do not forget It for a single day, and do not talk about It to outside people—not even to yourself. Do not talk about It outside to people who do not understand the Law. I urge you not to discuss It with each other, that someone overhearing will start the current of energy and power by antagonistic forces that will give you more to contend with. Use the Power of Discrimination that is yours, the Power of Diplomacy!

In that great Stream of Life that beats your Heart is acting the most magnificent Diplomacy, Discrimination, and all that is required to make you magnificent Beings of Intelligence, that you can scarcely conceive today. It is not possible for you to think that We are not talking of Great, Great Realities. These are no imaginary things. These are Great Powers of Light and Truths which are being made active in your world; and if you will refuse to speak unkind words, and keep silently, with all your Heart, accepting these Powers that have been offered, then will you outpicture Them sooner than you can imagine.

May all the world know—and I think from that which has so recently occurred, that the Students are coming into an attunement and height of vibratory action where they are responding like lightning to the impulses throughout the World. Even from Australia, Africa, and Scotland will come, as is now coming, the response to this Class.

Can you not rejoice with all the fullness of your Heart? If you cannot feel It in the fullness, then I shall try to feel It for you to

carry forth that Eternal, Almighty Victory so near Its Mighty Goal.

I want you to know how great Our Gratitude is to Our Beloved Lotus, Our Wondrous Child of Light. One so willing to serve to the extreme limit, and during this Class She has dined alone that She might have a few minutes more to give to that which is required. Few would be willing to do this, and yet Her reward will be so great. Ere long We will show the World, the critics of the World who have found fault with Her beautiful gowns—We shall see that Her gowns are ten times as beautiful as today. *(Applause)*

Beloved Ones, through the Messenger I place My Kiss upon Her brow *(Applause),* and may the Staff love and bless Her as they have never been able or capable to do, so far, in this tremendous Work that She so unselfishly is doing. There is nothing that matters to Her except all that is possible to be placed before the Children of the Light for their blessing, their happiness, and their Freedom.

Beloved Lotus:

Thank you, Beloved Great Being of Light. I thank these Blessed Ones. May all credit forever go to that "Mighty Presence," the Great Source of all within. May we all remain humble before that Mighty Light and Eternal Being. I thank You and love You, and I am grateful!

Beloved Goddess of Liberty:

While it is true, Beloved Ones, great, great credit is due this Messenger for opening the Door to all of this Beauty and Perfection which has come forth; but this Blessed One who has been the arranger, the perfecter of that which was to go forth, and still is that great beauty and power of loving service. Do you know what it means to carry on in such tremendous expansion with the Books thus far available to mankind? It means Their constant renewal and greater and greater and more watchful care to greater Perfection. It means constant watchfulness for the greater Blessing and Perfection to you, to all the Beloved Students, and those who are so soon to come into the Understanding.

© 1985 Saint Germain Press, Inc.

Therefore, Beloved Ones, with all your Heart, call the Powers of Light to give Beloved Lotus Their Strength, Their speed of activity that makes all that She wishes to do easy and comfortable for Her.

You today, in the fullness of all that is yours, rejoice, oh rejoice; and know that in the great service you are rendering, there is no condition that can confront you which the Law that beats your Heart will not immediately surmount. Just be calm and steady, and in that great calmness and serenity call the Powers of that Light forth to act in your world and solve the conditions that confront you, release to you the supply that is required, and give you the activity that your Heart calls for.

Remember now today, right in the very place where you are, might be the most wonderful spot for service. So until your prompting is clear and definite, render that service where you are, until the full Illumination of the "Presence" shows you clearly that you should serve in some other capacity. Then in that service will you find the greatest joy and greatest happiness; because, Dear Ones, remember that now We are reaching a point where this must go forth in your industrial world, in the activities of supplying the people of America. Call earnestly for Divine Order and Justice, for the distribution of your supply of food and all that is required.

May I mention just a few things that will be the joy of your use ere long? The struggle to buy fuel to heat your homes in the east, where sometimes winter reigns supreme, will ere long not be that problem; then in the heating, that problem that has disturbed so many will also have found its remedy with but little expense. And then ladies, be encouraged in your struggle in the care of your homes—that too will cease; then more people will have their own homes again. The extreme has been reached in conditions compelling Blessed Ones to abandon their homes because of the extreme taxation, because of the extreme expense in their upkeep. That too, Beloved Ones, shall vanish for the people of America and the few will no longer prey upon the rest.

Now in this remark do not misunderstand Me. In the past it was imperative that great focuses of wealth be brought into the

© 1985 Saint Germain Press, Inc.

hands of certain individuals, ones who could be directed. If it had not been so, you would still have no railroads from your coast to coast today. There has been a great Law underlying all these activities. So will you please be kind enough to have no feeling within your feeling world of the conditions that exist in the outer world. Don't forget, of course, that to the degree that you have been inharmonious, are you too responsible; but even thus, you are not any longer. Call on the Law of Forgiveness for all mistakes; then settle yourself down and determine not to give forth anything that could add to the World's limitations or discord. Then you will hold yourselves in readiness, in obedience to the Great Law, so that at a moment most unexpected, you will likely find the great release surging forth. At times when things suddenly confront you, and humanly you would possibly not know which way to turn, then you will be reminded to be still, and out of that stillness will come the Power of your "Presence" and the way will open and the conditions be solved.

Call forth, as the Messengers have, for Divine Justice everywhere—I mean in your individual work; you already have It in your Decree work—that all things may come into Divine Order.

Remember, this is not the end of this Mighty Radiation! It is remaining here! It will continue to enfold you! Just accept It! Hold yourselves harmonious that the Fullness of It may continue to act and expand until many, many times you will have forgotten to feel any discord. It is the most delightful thing to once find that you do not have to any longer respond to the discord of the outer world. As you come to that full decision within yourselves, then you will find immediately will begin a release through you—that Radiance from your "Presence"—so that those who have thought and felt unkindly about you, will turn and observe the great change and will want to be like you.

I tell you with no uncertainty, *any one of you in this room that would start tonight before you sleep and begin to pour out love and blessings to every person, place, condition, and thing, and continue that three times a day with great earnestness and sincerity—and watch yourself that you do not get out of harmony—you would find the greatest transformation in your Life that*

© 1985 Saint Germain Press, Inc.

anyone could ask for. And you would find within thirty days such an Outpouring of Radiance from your "Presence" that people would turn to look at you as you pass by for no reason but feeling that Radiance.

That is how you can harmonize your world and let the Powers of your "Presence" flow through just joyously, enthusiastically, if you like, and let It perform that magnificent service—for you humanly cannot do it. Why not determine now that you are going to let this Power flow forth untouched by any discord from your feeling world, and see how quickly Love will bless you with the Fullness of Its Perfection, Its Supply, Its Joy, Its Great Enthusiasm, and the Fullness of all that you require! Try it! Try it! Try it!

The Messengers have said to you so often, "Do not believe us; prove us." This Law is such that you can prove It. Anyone who wants to, can prove It and quickly; but if you only half believe, you will only half have the action. But if you believe with all your Heart, then with all the Power and Love, Life will answer that, and quickly will be your Freedom.

I hold you Beloved Ones forever in My Embrace of Light. I clothe you with Liberty and Freedom in the Light. I charge your world with the activity of Loyalty to America and the Light, that you may spread that Radiance without any difficulty wherever you move; and as you move or find yourselves in groups of people, silently call to Me and say: *"Goddess of Liberty! Release that Loyalty through me in this group of people, that everyone feels that Loyalty to America!"* Whenever you are in a theatre—anywhere where groups of people are—call to Me to release that great Feeling of Loyalty and see what takes place.

None too soon did Beloved Saint Germain start this Mighty Activity. Beloved Ones, in years to come will you know how great has been that Victory that He started soon enough and did find the response in a sufficient number of mankind. And when people come to you with falsehoods concerning His Work, speak with all the firmness of your being and remind them of the falsehood that it is. Do not fear to speak the Truth about this Work, the greatest thing that ever came to mankind on Earth! Do not allow anybody to speak in your presence one word against the Messengers of this

© 1985 Saint Germain Press, Inc.

Work, if you value your Freedom, Beloved Ones. There is no one else on this Earth that will bring you what the Messengers have. One day you will know it, and I am sure most of you do already.

In this great Blessing and Freedom which are yours, remember, you in Kansas City are not alone. You have the help of all the other Students in America, as definitely as if they were in your city. Is not that brotherly love? Is that not the true activity of brotherhood that has been preached throughout the ages and yet never came into action? If this is not the outpicturing of brotherhood of man, what would you call it? The love and outpicturing and outpouring of love of one Group in one city to the other, is unparalleled in the history of the Earth, I assure you. Therefore, rejoice in it. Go forward the Victory of Light and the Power of Freedom.

I love you. I bless you. I thank you for your loyalty and courage, and may it ever expand to stand in and for the Light and the Great Host of Ascended Masters, until the whole World knows of Their Presence, feels Their Reality, and has Their Blessing and Outpouring in the Fullness of Its Infinite Power. I thank and bless you.

BELOVED GODDESS OF LIBERTY:

When that Statue was placed in New York Harbor many years ago, the Cosmic Law knew then that America would have to have that Radiation of My Protection if Her Destiny is to be fulfilled and Her Cup of Light sustain the World until it awakens from the nightmare of its destruction.

MR. BALLARD'S VISION DURING DECREES
SUNDAY EVENING

Kansas City, Missouri February 27, 1938

WHEN THE VICTORY of the Light in America is really fulfilled, then you will rejoice as never before. From the westward came the Great Crusaders of old in Violet Armor. Above, represented by the Higher Mental Body, came that "Great Presence" in Blazing White Armor. And above That in the Ascended Masters' Octave of Light came those Great Beings of Power moving steadily eastward. You will remember that in that great Vision the forces of destruction were moving westward.

I firmly believe that This is the Power of Light being called forth by the Goddess of Liberty to counteract all forces that would attempt to reach our America. To me it is a gigantic thing and represents the Power of Light. And this is the most significant thing: as They moved forward, reaching, as near as I could judge, somewhere near this part of the United States, this Trinity of Action moved slowly and blended into One in the human octave. To me it is the most marvelous thing that has ever been my privilege to observe. I know it has tremendous significance to the Victory of Light for America, then the World. I mention this tonight, for you will see it fulfilled, and I am not a prophet!

★ ★ ★

BELOVED GODDESS OF LIBERTY:

Whenever you gaze upon My Statue in New York Harbor again, watch It and ask that the Cosmic Light pour forth the Qualities of My Liberty throughout the waters of Earth, throughout the landed surface of the Americas, and in, through, and around the physical bodies of all who belong to the Americas. I will pour forth My Love into that Light with the Command for the Liberty which is intended for America and Her people to move into outer control and be the Cup of Blessing to the Earth forever!
